## Helpful Hint

This week's Helpful Hint is:  
"Why you should take a look at

## Appraise SaaS?"

Here are a few reasons you should consider taking a closer look at Appraise SaaS, our Software as a Service solution:

1. You get the updates automatically! Just log in with your account number and you're all set.
2. SaaS installations only require one time information technology certification. Once approved, new versions do not need to go through the certification process again.
3. Although we host the application, all of the data is stored by you to eliminate risk.
4. SaaS is scalable & portable. It is very easy to add, remove, & relocate users.
